TECHNICAL SKILLS

Operating Systems

Windows
Ubuntu

Programming Languages

Python -Proficient
Html – Proficient
C – working knowledge
Java - Basic Understanding
R - Basic Understanding

Tools

VS Code
Jupyter
Figma

PERSONAL SKILLS

- Good Communication Skill
- Problem solving
- Good content creation
- Leadership skills
- Time Management skill
- Reliable and Professional

HOBBIES

- Travelling
- Listening to Music
- Volunteering Activities

PROFILE

B Tech student specializing in Artificial Intelligence and Data Science.Passionate about machine learning, real-time systems, and software development.Strong interpersonal and team management skills.Proven ability to deliver results through hands-on internships and academic projects.

WORK EXPERIENCES

- | | |
|---------------|---|
| 2025 June | Kerala Police Academy ,Thrissur ,Kerala <ul style="list-style-type: none">Contributed to AI based surveillance projects for public safety.Collaborated on solutions involving crime detection and monitoring. |
| 2025 Feburary | Prodigy Infotech , Maharastra <ul style="list-style-type: none">Completed Generative AI training , worked on practical AI applications.Gained exposure to advanced ML techniques and tools. |
| 2023 October | DewTown ,Delhi <ul style="list-style-type: none">Online bootcamp on Python and Artificial intelligence.Understand real – world applications of AI. |
| 2023 May | Techmindz NDZ ,Ernakulam , Kerala <ul style="list-style-type: none">Developed fundamental Python programming skills.Engaged in beginner level software projects. |

ACADEMIC HISTORY

- | | |
|------------|---|
| Pursuing | Bachelors Of Technology In Artificial Intelligence And Data Science - A.P.J Abdul Kalam Kerala Technological University <ul style="list-style-type: none">Ilahia College Of Engineering And Technology Muvattupuzha , Kerala.
GPA - 7.80 |
| 2022 March | Higher Senior Secondary
-Directorate Of Higher Secondary Examination <ul style="list-style-type: none">Dr APJ Abdul Kalam Govt Higher Secondary School , Thodupuzha ,Kerala.
GPA - 94.5% |
| 2020 March | Secondary School
-Central Board Of Secondary Examination <ul style="list-style-type: none">Vimala Public School Thodupuzha ,Kerala.
GPA – 81.5% |

PROJECTS

- | | |
|--------------------------------------|---|
| Suspect Detection | <ul style="list-style-type: none">AI – based system for crime suspect detection from surveillance footage |
| The 3rd Eye | <ul style="list-style-type: none">Real- Time behavioral analysis via CCTV to detect suspicious activity using OpenCV, ResNet50,YOLO. Alerts suspicious weapons which reduce rely on manual monitoring |
| Text Generations with GPT – 2 | <ul style="list-style-type: none">Implemented a text generation model using GPT- 2 in python ,enabling coherent and context – aware text outputs |
| Pix2Pix Image Translation | <ul style="list-style-type: none">Developed an image-to-image translation model using conditionals GANs (Pix2Pix) that operates efficiently without GPU support. |
| Stable Diffusion Generator | <ul style="list-style-type: none">Built an AI based image generator using Stable Diffusion models, focusing on creating high quality and realistic images from text prompts |

CERTIFICATES & ACHEIVEMENTS

- Certified in “Applied Artificial intelligence” , “Data science with Python” , “Application of Machine Learning in satellite images using Python” , “Generative AI model” .
- Selected for YIP state level ideathon Program (2023- organized by K-DISC)
- Member of IEDC core team (2023-2024) and NSS
- Active participant in intercollege quizzes and Techfest's.
